A Complete Platform for Modern Educators

From individual classrooms to entire schools, Slidew provides the tools you need to create, manage, and track engaging learning experiences.

For Teachers:

- ✓ Create and manage separate classes for each academic year.
- ✓ Your own private dashboard, separate from all other teachers.
- ✓ Use our powerful Curriculum Assistant to instantly create game levels from your existing lesson text or documents (.docx, .pdf, .txt).
- ✓ Track student mastery with a powerful progress dashboard showing each student's personal best.
- ✓ Easily upload student lists via CSV or add them one by one.
- ✓ Secure, automatically generated logins for each of your students.
- ✓ Build advanced lessons with punctuation and duplicate words, handled automatically with smart subscripts.
- ✓ Reset scores for individual levels or entire categories to allow students a fresh start.

For Heads of Department & Principals (HOD/School Plans):

- ✓ Includes all features available to Teachers, plus...
- ✓ ****Centralized Department/School Management:**** A dedicated admin panel to oversee your entire team.
- ✓ ****Staff Management:**** Easily create, edit, and delete Teacher and HOD accounts for your school.
- ✓ ****Supervisory Oversight:**** HODs can view the detailed progress reports for every teacher on their team.
- ✓ ****Password Resets:**** Securely reset passwords for any staff member who gets locked out.
- ✓ ****Departmental Organization:**** Create custom departments (Math, Science, etc.) and assign staff accordingly for clear organization.
